

K. Emergency Management Plan

The City of Salina and Saline County Emergency Management may require an Emergency Management Plan for events with 251 or more attendees (Advanced-Level 2, 3, 4, & 5) to help ensure the safety of your participants in case of weather and non-weather-related emergencies.

Emergency Management Plans require the identification of:

- emergency access and exits,
- crowd managers,
- emergency notification methods, and
- weather and non-weather-related emergency management.

NOTE: The City of Salina will not grant refunds for cancellations or changes made to your event due to emergencies or severe weather incidents.

Please contact Saline County Emergency Management at (785) 826-6511 with questions about the Emergency Management Plan requirements.
